

# Food & Drink Event Calendar 2010

ITE has established a portfolio of international trade exhibitions whose globally renowned brands reflect the quality and innovation that drives the food industry in emerging markets. Combining over 20 years' experience and unrivalled local market understanding, ITE has created a platform for thousands of food and drink companies to take advantage of the growing appetite for imported food and beverage products. The events attract participants from all sectors of the food industry, including food and drink processing, packaging and retailing.
